IMPORTANT NOTICES

CHECK-IN AND BOARDING TIMES Reservations are subject to cancellation and passengers may not be eligible for denied boarding compensation when check-in at the designated boarding gate is: 1) less than 10 minutes prior to departure time of domestic flights; 2) less than 40 minutes prior to departure time of international flights. The same conditions apply if after having checked in for a flight, a passenger is not on board the aircraft at least 5 minutes before departure.

FOR YOUR SECURITY all passengers, and their handcarry items, must be inspected in accordance with the government sponsored security program. Passengers should proceed through security inspection in the departure gate at least 30 minutes prior to departure.

RECONFIRMATION of return or continuing reservations on international flights is required at least 72 hours prior to scheduled departure.

CHECKED BAGGAGE should be locked. Regulations require name identification on outside. Name labels are available at ticket counters. Checked baggage is subject to inspection and passengers may be required to present identification. Federal regulations require that firearms in checked baggage must be declared and be unloaded.

CARRY-ON BAGGAGE is limited to items which will fit underneath the passenger seat or in the overhead compartment. All items not needed in flight should be checked.

HAZARDOUS MATERIALS Federal regulations restrict carriage on aircraft of items classified as hazardous materials. These materials include, but are not limited to flammable gases, liquids and solids, non-flammable compressed gas, explosives, poisons, corrosives, oxidizing materials, radioactive materials, etiologic agent and magnetic materials. Further information is available upon request.

NO SMOKING sections are provided on all Northwest Orient flights in each compartment: first class, executive class and coach class. Cigarette smoking only—no pipes or cigars are permitted.

AMENITIES such as hotel accommodations, meals, phone calls and ground transport are not provided at Northwest expense except in the case of first class passengers (all classes on Northwest international flights) when Northwest flights are delayed, cancelled or misconnect to other flights.

NOTICE—OVERBOOKING OF FLIGHTS

Airline flights may be overbooked, and there is a slight chance that a seat will not be available on a flight for which a person has a confirmed reservation. If that flight is overbooked, no one will be denied a seat until airline personnel first ask for volunteers willing to give up their reservation in exchange for a payment of the airline's choosing. If there are not enough volunteers, the airline will deny boarding to other persons in accordance with its particular boarding priority. With few exceptions, persons denied boarding involuntarily are entitled to compensation. The complete rules for the payment of compensation and each airline's boarding priorities are available at all airport ticket counters and boarding locations. Some airlines do not apply these consumer protections to travel from some foreign countries although other consumer protections may be available. Check with the airline or your travel agent.
