Take A New Look At North Central

The introduction of 100-passenger Douglas DC-9 fan jets brings a new dimension of speed and comfort to North Central passengers.

All first-class service is offered on the fan jet, with two stewardesses in attendance. The DC-9 features "big jet" roominess, outstanding climate control comfort, and a smooth ride. Seating facilities in the spacious cabin provide exceptional head, shoulder, and leg room. Another feature of the aircraft is the unexcelled lighting and window view. Northliner passengers can now enjoy

all the luxury expected in the jet age.

North Central's "New Look" will be apparent as the sleek fan jet appears at airports across the system. In addition to the distinctive high-level T-tail and the two rear-mounted engines, the DC-9 will have a new aqua, blue and gold exterior color scheme. The striking and unique interior will feature alternating aqua and gold seats, with beige walls and ceiling.

The next time you fly, travel the jet-smooth skyways of North Central!
