Global Alliance Partners

Northwest, in cooperation with other leading airlines, forms regional and global alliances that increase the number of destinations served and the availability of frequent flyer program benefits. Frequently referred to as "codesharing," these airlines serve many destinations throughout the world that Northwest does not serve. Although your tickets will show a Northwest flight number, these flights are operated by a Northwest airline partner. If your journey begins with one of the flight numbers shown below, please check-in with our partner (the operating airline).

Additionally, Northwest WorldPerks members earn frequent flyer miles for travel on all codeshare flights. Members may also redeem miles with our partners airlines.

Equipment designated by AIR or KLM indicates service provided by one of these Northwest worldwide partner airlines:

Northwest Airlines is pleased to announce a firm order of 50 new A319 aircraft, 10 aircraft per year through the year 2003. The new aircraft service is to begin on August 15.

A319 Means Added Comfort

A319 provides added comfort with wider aisles and wider seats. The storage bins are larger too. 10% larger than those of its competitor.
