Call Railway Express Agency

HELPFUL AIR TRAVEL HINTS

SINK BACK COMFORTABLY in a deeply upholstered spring seat chair.

TALK in ordinary conversational tones. The cabin is sound-proofed, and you'll find your fellow passengers are delightful companions, with a wide variety of interesting experiences.

SMOKE a cigarette, if you like, except, as experienced air travelers know, just before landing or just after taking off. The ash receiver is at the lower forward corner of your window. Top swings out for use. Even if you don't smoke, others smoking won't disturb you, because you have your own individual cool air ventilator just above your window. To open it, turn it to rear. Cabin temperature is always a comfortable 70 degrees in winter, even in below zero weather. And in summer, there is no air so cool and refreshing as that you get in plane travel, out of city dust and smoke.

CALL THE CO-PILOT at any time by pressing the co-pilot button at your side. He will bring you an extra pillow, blanket, or if you wish, other airline or railroad schedules.

ABOUT MEALS. While en route during meal times, you are our guest.

RETURN TRIP SEAT RESERVATION should be made as soon as possible after arrival, to avoid possibility of all seats being sold the day you wish to return. (Round trip tickets purchased in advance enjoy a discount.)

CHILDREN under two years old are carried free if held on the lap of parents or guardian. Otherwise full fare must be charged.

FIRMLY ESTABLISHED for nearly 10 years, Northwest Airlines is one of the oldest and most mature in America. Each month its new fleet of Lockheed Electras (world's fastest twin-engine transports) travels a distance equal to 11½ times around the world. These ships are sister ships of the famous Lockheeds that have made 'round the world history.

BEFORE YOU GO—Make your reservation by phoning any of the ticket offices listed in this folder, or any leading hotel, travel bureau or telegraph office. You can always make sure of your reservation by purchasing your ticket in advance. Cancellations will be accepted and full refund made if you telegraph, telephone, write or tell us by 9:00 P.M. the preceding

day when planes depart earlier than 10:00 A.M., or three hours before scheduled departure when planes leave after 10:00 A.M. Space reserved but not paid for will be held until cancellation limit and will be sold at that time.

IF YOU LOSE any articles enroute, wire, write, or phone to the Traffic Dept., Holman Municipal Airport, St. Paul, Minn.

YOUR TRAVELING BAG when fully packed, probably weighs somewhat less than 35 pounds. You can take up to this much. On any excess over this, we are forced to charge an excess per pound of ½ of 1% of passenger fare. Passenger regulations limit baggage to 50 pounds per passenger. Any more than this must be carried by special arrangement in advance.

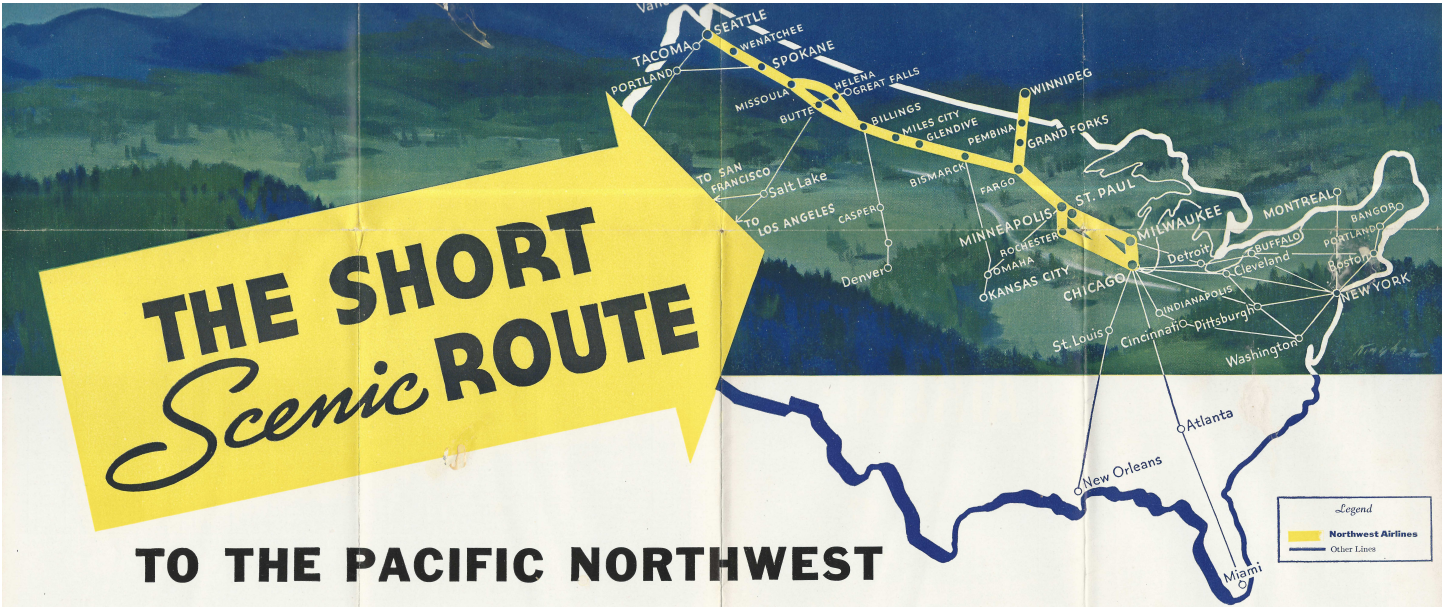

SCHEDULES AND FARES shown are subject to change without notice, and the company will not be responsible for consequences arising from delays or errors in the printed schedule. The company reserves the right to cancel bookings before the passage or en route, and passenger shall be charged for only that portion of the fare earned.

THE SHORT
Scenic **ROUTE**

TO THE PACIFIC NORTHWEST

Legend
Northwest Airlines
Other Lines

TO THE PACIFIC NORTHWEST

YOUR ROUTE

One of the model airways of the world operated by the U. S. Dept. of Commerce.

The shortest course between Chicago and Seattle, a distance of 1,937 miles.

Passes through the nation's vacation playgrounds.

Scenic features: the Great Plains, Dude Ranch Country, Yellowstone Park, Columbia River Valley, and Mt. Ranier.

YOUR SHIP

10-passenger Lockheed Electra with two pilots, two-way radio, sound-proof cabin, individual ventilators, controlled temperature, deep upholstered chairs.

World's fastest twin-engine transport.

Sister ship of the famous Lockheeds that have made world aviation history.

Part of the newest transport fleet aloft. One of the world's finest ships.

YOUR LINE

Noted as a pioneer in commercial air travel, Northwest Airlines is one of the oldest and most mature in America.

Firmly established for nearly 10 years.

Travels each month a distance equal to over 11½ times around the world.

Convenient schedules and low fares to all points in the Great Northwest.
