## GENERAL TRANSPORT CONDITIONS

The transport of passengers, luggage and goods takes place under the "General Conditions of Carriage of Passengers, Baggage and Goods" based on the Warsaw Convention of October 12th 1929. These conditions can be reviewed

at each point of embarkation, and an extract can also be found inside the cover of every air ticket and consignment note issued by the Company.

## TRANSPORT CONDITIONS FOR PASSENGERS

**DEPARTURE.** — Planes leave both Amsterdam and Batavia every Tuesday, Thursday and Saturday. During the summer the scheduled travelling time is 3½ days for the eastbound, and 6 days for the westbound journey.

**TRAVELLING CONDITIONS.** — Each passenger has a large comfortable lounge chair, which is adjustable. Several landings are made daily for refuelling purposes. Passengers then have time for the meals which the Company have had arranged for them. The cabin is scientifically ventilated and the temperature can be altered to suit the travellers' wishes. There is a lavatory on every plane. The material which insulates the cabins against the temperature of the outer atmosphere at the same time makes them sound-proof, and even a whispered conversation can be carried on during the flight. Smoking is prohibited in accordance with international regulations.

**RESTRICTION OF BOOKINGS.** — Local bookings inside India, Burma included, cannot be accepted.

For the routes also operated by the K.N.I.L.M. in the Netherlands East Indies the transport conditions of this Company apply.

**FARES.** — All fares include hotel accommodation, meals, tips and transport to and from the aerodromes.

**CHILDREN.** — If a separate seat is not required, children up to 3 years of age are carried at 10% of the fare. Children between 3 and 7 years of age, or children under 3 years occupying a separate seat, are carried at half the fare. No allowance for luggage is made for children.

**SCHOOL CHILDREN.** — Specially reduced rates are available for school children visiting their parents for their school holidays. Full information on application.

**RETURN TICKETS.** — If taken in advance, return tickets are issued with a reduction of 10% on the amount of the two single fares. Return tickets are valid for 12 months. If no return ticket is purchased in advance, a reduction of 10% is allowed on sections flown for the second time but in the opposite direction, provided the passenger returns within a year; this reduction is only granted upon production of the "return-estate certificate" which is attached to every single-trip ticket.

**INTERCHANGEABILITY OF TICKETS.** — Return tickets can be made available for travel by certain Steamship Lines upon adjustment of the fare. Rebooking abatement is allowed in some cases on air tickets when an outward single journey has been made by these Steamship Lines. Similarly, a reduction is allowed for consecutive stretches travelled partly by air and partly by any of these Steamship Lines. (Details on application).

**BREAK OF JOURNEY.** — Each stage of an interrupted journey must be paid for separately.

**BOOKINGS.** — As soon as a reservation becomes definite 25% of the fare must be deposited, and the remainder must be paid not later than 14 days before departure. As the number of seats in the planes is limited, the Company reserves the right to withhold the acceptance of a booking for a short section of the route only, until a few days before the departure of the plane.

**CANCELLATIONS.** — In accordance with international regulations the following cancellation fees are payable:

up to 14 days before departure 10% of the fare;  
from 14 days to 48 hours before departure 25% of the fare;  
less than 48 hours before departure 100% of the fare.

Telegram costs incurred in cancelling are to be borne by the passenger.

**LUGGAGE.** — Every passenger is allowed 20 kg (45 lbs.) of luggage free of charge. Half the freight rate is charged for excess luggage from 20 to 40 kg and the full freight rate for luggage above 40 kg. Passengers are only guaranteed the carriage of 20 kg.

If consigned in good time, the K.L.M. can make arrangements for the despatch of luggage by steamer at special rates. Every passenger who travels over long distances is supplied by the Company with two specially light suitcases — if travelling frequently not more than once a year — which can be attached under and behind the chairs, so that they are at hand throughout the journey. These suitcases remain the property of the passenger.

**ACCOMMODATION AND MEALS.** — All meals and accommodation, as well as tips, are included in the fare. Drinks in the hotels, however, are charged

to the passenger, excepting beer or mineral water at meals. The K.L.M. make arrangements for the immediate conveyance of the passengers to the hotel after the arrival of the plane at night stops.

**STEWARD.** — The Steward, who has a well-stocked pantry, will see that everyone is well looked after during the flight.

**INSURANCE.** — The K.L.M. or their agents will always be pleased to offer their services in the effecting of insurances.

**MONEY.** — Since all costs incurred on routes are included in the fare, the amount of money in various currencies to be taken is reduced to a minimum. Pounds sterling can be changed by the agents and at the hotels.

**PASSPORTS.** — Against payment of the costs incurred, the K.L.M. or their agents are pleased to render assistance in matters connected with passports; otherwise the Company cannot accept any responsibility for difficulties experienced by passengers en route owing to any incompleteness, inaccuracy or invalidity of their papers.

**CAMERAS.** — As in nearly all the countries along the route it is forbidden to take photographs or films from the air or on the aerodromes, it is necessary to have cameras or film apparatus sealed before departure, and to have them stored in a special trunk by one of the plane's officers. At the nightstops passengers can, if desired, have the use of their cameras.

**TELEGRAMS.** — As far as the service allows it is possible to send private telegrams during the flight via the shortwave wireless. Information will be given by the wireless operator.

## CONNECTIONS

The following services connect with the K.L.M. Amsterdam-Batavia air line: In Europe: K.L.M. services and those of co-operating Companies. In Egypt: services of *Misr Air Lines*. Alexandria-Capetown by *Imperial Airways* and *South African Airways*. Bangkok-Hank-Hongkong by *Imperial Airways*. Baghdad-Damascus by *Air France*. Karachi-Bombay-Madras-Colombo by *Tata Air Lines*. Bangkok-Sigon and Bangkok-Hanoi-Yunnan-Hongkong by *Air France/Eurasia*. In the Netherlands East Indies: K.N.I.L.M. services. Singapore-Australia by *Qantas Empire Airways*. At Singapore, Batavia and Sourabaya there are also good connections by steamer to and from China, Japan, the Philippines, etc. K.L.M. agents will gladly provide passengers with any information required regarding connections by the many services linking up with the K.L.M. in Europe.

## TRANSPORT OF FREIGHT

Goods can be accepted as K.L.M. freight, which must be sent carriage prepaid.

**FREIGHT RATES.** — Freight consignments are charged per 500 grams with a minimum of one kg (for stretches within Europe per kg with a minimum of 2 kg). For transit through Iraq an extra charge of one-tenth % of the value is made per consignment, with a minimum of 2/-.

**BULKY PARCELS.** — These are not charged for according to weight but according to dimensions. A charge equivalent to the freight tariff of 1 kg is made for every 10 cubic decimetres.

**DOCUMENTS.** — For a moderate remuneration the K.L.M. and their agents see to the drawing up of the necessary documents. A copy of the invoice is required for quick customs clearing.

**GOODS FOR PAYMENT ON DELIVERY.** — These can be accepted by special arrangement with the K.L.M.

**INSURANCE.** — The K.L.M. and their agents can insure goods at a low premium for the whole journey.

### Did you know . . . . .

that six times the length of the equator is flown every day by Douglas planes?  
that Douglas planes fly daily on 5 continents under the flags of different countries?  
and that the Douglas planes of the K·L·M cover a distance of 5,278,500 miles a year, which is equal to 212 times the length of the equator, or 600 times the distance between London and Singapore?

Flying by K·L·M you secure the personal attendance of a steward or stewardess.

## In the WEST INDIES

the K·L·M also operates 1400 miles of air routes and maintains frequent services with modern and comfortable planes between Curaçao and Aruba, La Guaira, Trinidad, Barbados, Coro, Maracaibo and Barranquilla.

These services give excellent through connections with the Pan American Airways routes to North- and South-America.
