# Leave your everyday world behind... Canadian fishing trips are wild!

Relax in unspoiled wilderness areas. No telephones to annoy you. Crystal clear waters are everywhere...surrounded by towering trees reminiscent of days long past.

You snake a lure out over the quiet water. Start to retrieve. Then bam! And your fun begins.

What's your fishing pleasure? Mouth-watering walleyes? Battling northerns? Giant muskies? They're abundant. But so are scrappy smallmouth bass...even crappies and other panfish that are probably larger than you thought panfish ever got.

A Canadian wilderness fishing trip is something you'll be talking about the rest of your life.

How wild do you want to go? You can really rough it on a wilderness canoe trip. You'll get everything you need (except personal items), then be sent off. After several days of canoeing, fishing and camping, you'll be picked up at your destination.

Or spend your days fishing and your nights in comfort...at one of the resorts listed here. You'll stay in comfortable modern cabins nestled among the trees, usually overlooking the lake. Enjoy delicious breakfasts and dinners in a rustic dining room. And a break-in-the-fishing shore lunch of the fish you've caught that morning!

There are a variety of tours here that practically let you plan your own trip. The whole purpose of this brochure is to give you some hints on how to go wild

in Canada this year at money-saving tour prices. Simply ask your travel agent for more specifics.

## Be sure to fly North Central

That's the best way to enjoy your Canadian wilderness fishing trip. By flying to your destination, you'll arrive more relaxed...and have more time to spend on the water!

## Group fares save money.

North Central Airlines' Group Department will be glad to confirm any tour in this brochure for your group, or we'll custom-make a special Canadian Wilderness group tour.

Special educational students' tours are also available. Just contact your travel agent or North Central Airlines.

## Special Notice

Extensive construction is scheduled at Falls International Airport which serves International Falls, Minnesota, the departure point for most fishing tours in this brochure. During this construction period, North Central will advise passengers of alternate forms of transportation from Hibbing/Chisholm (Minnesota) airport or other more suitable points. There will be no adjustments in air fares and tour package prices.

# Hook 'n Horn

NESTOR FALLS, ONTARIO

**\*LICENSE** ... All fishing and hunting licenses are available at our dock.

**GUIDES** ... We try to choose your guides very carefully. They are independent contractors whom we contract for you upon receipt of your reservation. Their primary duty is to use their lifetime experience and knowledge of this area to aid you in having a wonderful and unforgettable vacation in the Canadian Wilderness. A guide is necessary and is included in the rates of the Super Deluxe Premier floating lodge. On the other houseboats a guide is compulsory for the first day. After that it is a matter of choice. Most guests find their guide invaluable in finding fish or game and most have "their" favorite guide. A full time guide can save you much valuable time and make your vacation a much more enjoyable one as well as taking over the burden of any hard work along the way. The usual practice for the guide is to aid you in navigation, methods of fishing and hunting. The guide's day is a long hard one and cooking the meals is not ordinarily considered part of his duties although they are more than happy to assist you where they can — from cleaning the fish to washing dishes. Most large parties prefer to have a cook and good cooks are available at the same rates as our guides. The rate for the full time guides is \$35 per day, and board. One-day guides are \$30 per day (spot guides).

**GROCERIES** ... Upon receipt of your reservation, a food list with complete instructions will be mailed to you. You may bring into Canada a two days' supply of groceries duty free.
