NORTHWEST AIRWAYS, Inc.

Fleet of Northwest Airways Hamilton planes "on the line" awaiting to take off.

GENERAL INFORMATION

RESERVATIONS may be made at the ticket offices of any of the associated railroads, at travel bureaus and leading hotels and at all Postal Telegraph offices. Accommodations on Northwest Airways planes may be definitely insured by purchasing tickets in advance. Cancellations will be accepted and full refund made on telegraphic notice if received six hours before the departure of planes.

BAGGAGE—Thirty pounds of hand baggage, not exceeding the following dimensions: 15" x 20" x 36" will be transported on air plane free of charge. Any baggage accepted in excess will be charged for at the rate of one-half of one per cent of the passenger fare per pound, subject to minimum of 25 cents. Arrangements for excess weight or dimension must be made in advance. The right is reserved to limit baggage to 50 pounds per person. Animals, birds and reptiles will not be carried.

CHILDREN'S FARES—Children under two years of age will be carried free if held on lap of parent or guardian. Children occupying seats or children over two years of age will be required to pay full fare.

THESE TIME TABLES show the time at which planes may be expected to arrive at and depart from stations, and to connect with other planes or trains, but the company will not be responsible for consequences arising from delays or from errors in the printed schedule. The time shown is subject to change without notice. The time of planes and trains via connecting lines is published as public information; great care is taken to keep it correct, but the company will not be responsible for any errors or omissions therein.

STEWARDS SERVICE—Uniformed stewards, trained especially to care for the comfort of passengers, are in attendance on the Chicago-Twin Cities route. Ask them for any information desired.

EQUIPMENT—The equipment of the Northwest Airways, Inc., ships, motors and instruments, is modern in all respects and maintained at all times in strictly first-class condition. United States Air Mail is carried on all regular scheduled flights in a special compartment, apart from the passengers.

LOST ARTICLES—Inquiries regarding lost articles left by passengers on planes, should be referred to the Traffic Dept., Holman Municipal Airport, St. Paul, Minn.

TO AND FROM AIRPORTS—For the convenience of our patrons the Northwest Airways will be glad to arrange for bus or taxi transportation at reasonable charge to the passenger if notice is given pilot or steward before departure of plane.

6

Interior View of Ford Tri-Motor Plane Equipped with Radio

The Northwest Airways is the first Air Transport line in the United States to equip its planes with individual radio receivers for the entertainment of passengers.

Standard Oil Gasoline and Lubricants

Exclusively

DO YOU USE THE SAME CARE AS AIR TRANSPORT COMPANIES?

Air Transport Companies select gasoline and engine oil with extreme care, for fuel and oil are important in airplane service. That is why many air transport companies use gasolines and engine oils made by the Standard Oil Company (Indiana).

When you use the same care in selecting the gasoline and motor oil to use in your car, you will find that it pays to select Red Crown Ethyl Gasoline and Iso-Vis Motor Oil. They make the engine perform at its best and keep the car running smoothly.
