These little "Japanese dolls" are 2,000 miles closer on Northwest.

Visiting friends in Japan? Save 2,000 miles getting there on Northwest Orient.

Spent more time in the Orient—less time getting there. Come with us—Northwest.

We fly the short way. Straight across. We make your trip 2,000 miles shorter (and 6 to 9 hours faster) than airlines that fly the mid-Pacific.

That's why businessmen like to fly with us. To save time.

That's plus the fact we fly the biggest (and longest-range) passenger jets in the world—320 Fan-Jets. You can board them in any of 6 U.S. cities and fly direct to Tokyo.

One plane straight through! Makes good travel sense, we think—whether you're a businessman or a tourist.

No two ways about it. The shortest distance between two points is a straight line.

For reservations call your travel agent or Northwest Orient Airlines.

We have the most flights from New York to Tokyo—14 a week. Also, the only direct flights from Washington, Cleveland, Chicago, Seattle, Anchorage. Choose from a total of 17 weekly flights, in all.
