How to use WEST COAST'S "INSTANT" timetable

This "INSTANT" timetable shows the time of departure and arrival at destination, flight number, frequencies, number of stops, connecting city and connecting flight number, and the one-way fare without tax. All direct and most connecting flights between cities served by West Coast Airlines are listed.

The Following Instructions Make This "Instant" Timetable Easy to Use:

Find your departure city. It is listed alphabetically in gold colored blocks. Then find your destination city which is listed alphabetically under the departure city. Here you will find the departure and arrival times. If your destination city is not listed, please check the gold colored block, (your departure city) to determine if there is a see "from....." listed. If there is such a listing in the gold block, check your arrival at this transfer city. Knowing your arrival time at the transfer city, you may then select the connecting departure flight to your destination which is listed under the transfer city.

All Times are local times. Light Print A.M., **Bold Print P.M.** The time zones of your departure and destination cities are also listed, i.e., PST, PDT, MST.

One-way fares are quoted for your convenience to the right of the destination city. **Fares are subject to applicable tariffs and do not include 10% tax.**

Flight numbers in the 700 series are F-27 Prop Jets. Flight numbers in the 300 series are DC-3 Scenicliners. (Exception—Flight 774 and 779 between Walla Walla and Yakima daily and 769 between Yakima and Portland Saturdays and Sundays only are DC-3 Scenicliners.)

We sincerely believe you will find this "INSTANT" timetable easier and faster to use and will permit you to better plan your travel. If we can further assist you, please call West Coast Airlines.
