Shorts 360

The 360 accommodates 36 passengers and 3 crew members in the standard configuration.

The cabin, designed by U.S. consultants for Boeing airliner interiors (including the 747), provides maximum flexibility of both layout and usage.

Passengers enter through a large rear door on the left side of the aircraft. The distribution of emergency exits for passengers and crew provides ample exits whether the configuration is all-passenger or mixed passenger/cargo.

Passenger comfort is a prime consideration. Passengers can stand upright throughout the cabin (6' 6" headroom). The spacious interior allows easy access to all seats and facilities. The fully air-conditioned cabin has a beverage gallery, full toilet facilities and a cabin attendant's seat. Unique overhead lockers accommodate brief cases and other carry-on baggage.

DON'T BE A NO-SHOW

The no-show factor approaches 25% on peak period flights. Please cancel your reservations if your plans change, or you are unable to use them for any reason. There are many customers desiring confirmed seats that cannot be accommodated because of reserved space that will not be used.

2. Check-in time for your flight is 30 minutes prior to the scheduled departure time. Allow extra time when adverse weather conditions exist. Boarding will be 10 minutes prior to departure to ensure an on time departure and arrival at your destination.
3. Your baggage should have identification on the inside and outside. Free identification tags are available at your Allegheny Commuter ticket counter.
4. We recommend that you do not pack medicine, jewelry or important documents in your checked luggage.
