## Exit row seats

Please identify yourself if you cannot meet the following criteria/functions, have a condition preventing you from assisting, are concerned with injury or wish not to assist in an emergency.

If you are seated in a designated exit row, you may be called upon to assist the crew in an emergency by performing the following functions:

- Follow oral directions and hand signals given by the crew.
- Locate the emergency exit and determine if opening the emergency exit is safe from smoke, fire, debris, etc.
- Operate the emergency exit as shown below. Secure the emergency exit door so that it will not impede use of the exit.

- Activate the slide if provided, pass quickly through the emergency exit, and stabilize the slide after deployment to assist others in getting off the slide.
- Select and follow a safe path away from the emergency exit.

No passenger may be seated in a designated exit row if it is likely they are unable to perform one or more of the above functions because:

- The person lacks sufficient mobility,

strength, or dexterity in both arms and hands, and both legs.

- The person is less than 15 years of age.
- The person cannot read or understand instructions provided related to emergency evacuation or understand oral crew commands.
- The person cannot see or hear well enough to perform one or more of the applicable functions.
- The person cannot impart information verbally to other passengers.

- The person has a condition or responsibilities, such as caring for small children, that might prevent them from performing one or more of the applicable functions.
- The person has a condition that might cause them harm if he or she performs one or more of the applicable functions.

Please contact a flight attendant if you wish a detailed list of the criteria and functions for exit row seating.
