## HELP YOURSELF TO BETTER AIRLINE SERVICE

- Make your reservation as far in advance as possible.
- Be at the airport at least 20 minutes before flight departure time. The flight will be "closed out" 10 minutes before scheduled departure time and your space may be given to a "stand-by" passenger.
- Re-confirm return space on round trip reservations at least 6 hours before scheduled departure time. Failure to re-confirm within the 6 hour limit may result in cancellation of your space and reassignment to a passenger on the waiting list.
- Give airline personnel at the station you expect to board a phone number where you can be reached in event of a delayed flight.
- Please cancel your reservation promptly if your plans change or it is evident you will be too late for the flight.

Observance of these five simple rules will save you and your fellow travelers inconvenience and discomfort.
