You'll be glad you came to HOLLAND

Holland is your best introduction to Europe. Small, friendly, informal, it's the Continent in a nutshell, yet has a character all its own. You know it, probably, as the country of flowers and windmills, quaint costumes and land below sea level. It is all that—and much, much more. It is progressive, cosmopolitan, gay. Why not make Holland your gateway to Europe this summer?

MOST EXCITING WAY TO SEE HOLLAND!

Rent-A-Boat via KLM for a week's cruise on Holland's waterways. Relaxing, inexpensive, fun!

Reconfirmation of reservations

All airlines united in the International Air Transport Association (IATA) have adopted a reconfirmation requirement for certain areas. Reconfirmation means advising the airline whether or not you intend to maintain your reservations.

Reconfirmation is obligatory:

- a) when your itinerary provides for a stay of more than 72 hours in the area comprising the United Kingdom, Ireland, Continental Europe and Israel and you hold a return or onward reservation Westbound across the North Atlantic, or
- b) when your itinerary provides for a stay of more than 72 hours in the area comprising Continental United States (excluding Alaska) and Canada and you hold a return or onward reservation to a point outside this area.

Notice of reconfirmation for such return or onward travel must reach the airline on whose flight you will depart from the area defined above at least 72 hours prior to departure of that flight.

Reconfirmation can be effected by getting in touch by telephone, letter or wire with an office of this airline, located in the area where you will board your return or onward flight. Failure to comply with this reconfirmation rule may result in the cancellation of the reservations concerned and all subsequent reservations you are holding on IATA airlines.

Information for passengers

As it is practically impossible to mention all fares, schedules, facilities and conditions of carriage in this time table, only the most important information is given here. The booking offices and travel agencies as well as the KLM offices will supply you with full information.

CONDITIONS OF CARRIAGE. All transportation by KLM is subject to KLM's General Conditions of Carriage, which are filed in the registry of the District Court at The Hague and may be inspected at any of KLM's agencies or offices.

LIABILITY FOR DELAY AND ERRORS. KLM does not accept any liability for any damage suffered by passengers because of delay in the flight or failure to execute all or part of a flight. Nor does KLM accept any liability for errors which in spite of every precaution, may occur in the time table or in the fares stated.

ALTERATIONS in the conditions of carriage, the fares and schedules of aircraft and coaches and the types of aircraft may be made without previous notice to passengers. It is therefore advisable to obtain confirmation of times and fares at least 48 hours prior to departure. This may save much inconvenience for both you and KLM.

DOCUMENTS. It is the responsibility of the passenger to see to it that all documents (passports, visas, certificates of health, etc.) are in order. The agencies and KLM offices will supply all information which they have available, but KLM does not accept any responsibility for its accuracy. The airlines reserve the right to refuse carriage to passengers whose documents are not in order.

RESERVATIONS. In order to avoid disappointment it is advisable to make your reservations as early as possible preferably for the return journey as well. Passengers should confirm their intention to use onward or return reservations as soon as possible after arrival at stopover points or destination. Any reservations which passengers are unable to use, should be duly cancelled. If you wish to make a break in your journey at those places where KLM makes a commercial landing, then this is nearly always possible without extra charges, provided notice has been given beforehand when reserving your seat.

PAYMENT of tickets, excess baggage charges, freight etc. must be made in accordance with the currency regulations of the countries in question. The bus fares to and from the airports are seldom, and local taxes never, included in the fares; these costs are to be paid in local currency.

TIME OF REPORTING. As several official formalities have to be completed before the departure of each aircraft, all passengers must report to the passage department some time prior to departure. This time is indicated on your ticket. We request you to observe this time of reporting as the aircraft cannot be kept waiting without great inconvenience to the other passengers. This also applies to the connecting coach services.

FARES. The fares published by KLM are applicable to journeys from the airport of departure to the airport of destination along the route(s) and in the class(es) indicated by KLM and on the services of KLM or of the companies indicated. The fare effective at the time of commencement of the journey is applicable.

REDUCTIONS. If the relative conditions are complied with, in certain cases reductions are granted on the fares, e.g.:

Round-Trips and Circle-Trips. As a rule the reduction for these trips is 10% of the single fares, even if the journey is made in different types of service or equipment this reduction is granted.

Children under 12 years of age. For a child under 2 years of age 10% of the applicable fare is paid. For children who have reached their 2nd birthday, but have not yet reached their 12th birthday, 50% of the applicable fare must be charged. For children travelling alone different fares and regulations are applicable.

Schoolgoing children and students who have reached their 12th but not their 26th birthday are granted a reduction of 25% on the round-trip fares for certain journeys.

Family Fares. Considerably reduced one-way and round-trip fares are in force from October 15 to March 31 for family travel via all North and Mid-Atlantic services under the "Family Plan".

Emigrants. Considerably reduced fares are applicable to emigrants originating from Europe and travelling to the United States and Canada between October 15 and June 30, and to South America between January 1 and June 30.

BAGGAGE. Passengers who have paid the tourist or economy fare are allowed 20 kilos free baggage; in the SleepAir or first class the free baggage allowance is 30 kilos. There are special rates for unaccompanied baggage. The charges for excess baggage per kilo amount to 1% of the first class one-way fare for transportation in propeller driven aircraft, whether or not propeller driven aircraft is used.

MEALS, REFRESHMENTS AND HOTEL ACCOMMODATION. All meals and refreshments on board are served free of charge by KLM; in the economy class and the tourist class non-alcoholic drinks are served. In the first class alcoholic drinks and cigarettes are offered free of charge.

At points along your route, where you have to make nightstops or change planes, the airlines may under special conditions take charges for meals and hotel accommodation for their account.

GRATUITIES. KLM personnel are not allowed to accept gratuities.

Informaciones para los pasajeros

Como es prácticamente imposible mencionar todas las tarifas, horarios y condiciones de transporte en este folleto, damos a continuación las informaciones más importantes. Las oficinas de reservas y las Agencias de Viajes así como las oficinas de KLM les facilitarán las informaciones completas.

CONDICIONES DE TRANSPORTE. Todo transporte efectuado por KLM está sujeto a las "Condiciones Generales de Transporte" de KLM, que está registrado y puede consultarse en cualquiera de sus Agencias u Oficinas en el Palacio de Justicia de la Haya.

RESPONSABILIDAD POR RETRASO Y ERRORES. KLM no acepta responsabilidad alguna por eventuales perjuicios ocasionados a los pasajeros a causa de retraso en los vuelos o imposibilidad de efectuarlos, tanto parcial como totalmente. KLM asimismo, no acepta responsabilidad alguna por las consecuencias de los errores o erratas, que a pesar de todas las precauciones tomadas puedan existir en los horarios y en las tarifas publicadas.

MODIFICACIONES. Las condiciones de transporte así como las tarifas y horarios de aviones y autobuses o el tipo de avión empleado, pueden modificarse sin previo aviso. Por consiguiente es conveniente confirmar, por lo menos con 48 horas de antelación, tanto la hora de salida del avión como la tarifa. Esto evitará muchos inconvenientes, tanto a Ud. como a nosotros.

DOCUMENTOS. El pasajero se hará responsable de comprobar que todos sus documentos (pasaportes, certificados médicos, visados, etc.) estén en regla. Las Oficinas de KLM y sus Agentes facilitarán toda la información de que dispongan, pero no pueden aceptar responsabilidad alguna por la exactitud de esta información. La Compañía se reserva el derecho de rehusar los pasajeros cuya documentación no esté en orden.

RESERVAS. Para evitar desengaños, es aconsejable conseguir su reservación tan pronto como sea posible. Igualmente para su viaje de regreso. Se ruega a los pasajeros que tan pronto como sea posible, a su llegada a la escala prevista o destino, confirmen la reserva de su plaza para los trayectos sucesivos o viaje de regreso. Cualquier reserva que no haya de ser utilizada, deberá ser anulada con suficiente antelación. Si desea Ud. interrumpir su viaje en aquellos lugares donde KLM hace un aterrizaje de carácter comercial, puede hacerlo sin suplemento alguno, siempre que se advierta previamente de ello al efectuar la reserva.

PAGO DE LOS BILLETES. El pago de los billetes, de los suplementos por exceso de equipaje, de la carga aérea, etc. habrán de efectuarse de acuerdo con las regulaciones monetarias de cada país. Como norma general el transporte en autobuses a y desde los aeropuertos no es gratuito; el gasto de este transporte así como los impuestos locales deberán abonarse en la moneda del país correspondiente.

HORA DE PRESENTACIÓN EN EL AEROPUERTO. Con el fin de poder cumplimentar las formalidades oficiales necesarias para la salida de cada avión, todos los pasajeros deberán presentarse en el departamento de pasajes del aeropuerto, momentos antes de la salida. La hora de presentación, se indica en su billete.

Les rogamos tengan en cuenta la hora de presentación, porque el avión no puede esperar sin serio perjuicio para los otros pasajeros. Esto igualmente se aplica a los enlaces con los autobuses.

TARIFAS. Las tarifas publicadas por KLM, son aplicables a los viajes entre el aeropuerto de salida y el de destino siguiendo la ruta o rutas y en la clase o clases indicadas por KLM, tanto para los servicios de KLM como para los de las Compañías que se indiquen. Se aplica la tarifa en vigor al comenzar el viaje.

REDUCCIONES. En ciertos casos se concede reducciones sobre las tarifas, siempre que se reúnan las condiciones necesarias para ello, p. ej.:

Viajes de ida y vuelta y viajes circulares. En términos generales la reducción para estos viajes es de un 10% por pasaje aun cuando el viaje sea hecho a través de diferentes tipos de servicios y aviones.

Niños menores de 12 años. Los niños, menores de 2 años pagarán el 10% de la tarifa aplicable por un adulto. Los niños que hayan cumplido 2 años de edad sin llegar a los 12, pagarán el 50% de la tarifa aplicable. Para los niños que viajen solos, se aplicarán otras tarifas y normas.

Los colegiales y estudiantes que hayan cumplido los 12 años de edad sin llegar a los 26 se les concede en determinados casos una reducción del 26% sobre la tarifa del viaje circular.

Tarifas familiares. Entre el 15 de octubre y 31 de marzo existe una importante reducción en las tarifas de ida y de ida y vuelta para viajes familiares comprendidos en el "Plan Familiar", en los servicios sobre el Atlántico Norte y Central.

Emigrantes. Tarifas considerablemente reducidas son aplicables a emigrantes procedentes de Europa y viajando a los Estados Unidos y al Canadá entre el 15 de octubre y 30 de junio; y a América del Sur entre el 1º de enero y 30 de junio.

EQUIPAJE. Los pasajeros que hayan abonado la tarifa turista o económica, tienen derecho a 20 kilos de franquicia de equipaje. En las clases de SleepAir o primera la franquicia es de 30 kilos. Existen tarifas especiales para el transporte de equipaje no acompañado. El recargo por exceso de equipaje por kilo es de un 1% del valor de la tarifa de primera clase, viaje sencillo, con aviones de hélice tanto sean utilizados o no dichos tipos de aviones.

COMIDAS, REFRESCOS Y ALOJAMIENTO. Todas las comidas y refrescos a bordo, son servidas gratuitamente por KLM. En la clase turista y económica se sirven únicamente bebidas no alcohólicas. En la primera clase, las bebidas alcohólicas y los cigarrillos son servidos gratuitamente. En aquellas ciudades a lo largo de su ruta, en las cuales tenga Vd. que pernoctar o cambiar de avión por razones de horario, la Compañía, bajo ciertas condiciones especiales, tomará a su cargo las comidas y los gastos de hotel.
