HOW TO BUILD A CONNECTION

For passengers traveling frequently to or from a specific city, connections are printed in our city timetables.

This timetable contains selected schedule information. For service not displayed, connections can be constructed through one of the Northwest hubs.

- Choose a flight from your origin city to one of Northwest's three domestic hub cities: Detroit, Memphis or Minneapolis/St. Paul. Or choose a flight to one of Northwest's six international gateway cities: Boston, New York's JFK Airport, Chicago's O'Hare Airport, Seattle/Tacoma, San Francisco or Los Angeles.
- Note arrival time at hub or gateway.
- Allow enough time to make your connecting flight by adding the minimum connecting times listed on the Explanation of References page.
- Find the most convenient flight to your final destination.
- You may want to check out an alternate hub or gateway for a faster trip. For example, you can get from Los Angeles to New York (LaGuardia) via Detroit, Memphis or Minneapolis/St. Paul.
