**STEAMBOAT IS ONE OF THE
EASIEST SKI AREAS IN THE
WORLD TO GET TO!**

Steamboat has the closest major airport of any ski resort in Colorado or Utah . . . the Yampa Valley Regional Airport at Hayden, 22 miles from the ski area.

PIONEER RIDGE

STEAMBOAT'S NEWEST MOUNTAIN

Imagine an entire area just for yourself....a place where the powder seems to linger longer and every rhythmic turn through the evergreens and aspen groves is forever etched in your mind. Nestled below Storm Peak is just such a place, Pioneer Ridge — Steamboat's newest mountain.

Never far from its ranching roots, Steamboat remains firmly linked to a Western tradition that sets it apart from every other ski resort. Pioneer Ridge is no different. Pioneer Ridge is an area that romances the flavor of the Old West with trails such as Fool's Gold, Longhorn, 1/2-Hitch, and Royal Flush; in a setting that's remained relatively untouched since Steamboat residents started exploring the area years ago.

Pioneer Ridge is unique. It's a place where the comforts of the present mix with the natural terrain features that locals have loved to ski for years. The Pony Express, a high-speed quad chairlift, delivers skiers and riders in a matter of minutes to the top of Steamboat's sixth mountain peak.

Pioneer Ridge is a place where your skiing and riding daydreams turn into reality.
