## Global Alliance Partners

Northwest, in cooperation with other leading airlines, forms regional and global alliances that increase the number of destinations served and the availability of frequent flyer program benefits. Frequently referred to as "codesharing," these airlines serve many destinations throughout the world that Northwest does not serve. Although your tickets will show a Northwest flight number, these flights are operated by a Northwest airline partner. If your journey begins with one of the flight numbers shown below, please check-in with our partner (the operating airline).

Additionally, Northwest WorldPerks® members earn frequent flyer miles for travel on all codeshare flights. Members may also redeem miles with our partners airlines.

Equipment designated by AIR or KLM indicates service provided by one of these
